PREPARING STUDENTS
FOR LIFE

Preparing Students for Life

William H. Taft Elementary School, serving grades Preschool-6 in Mount Auburn and surrounding communities, offers your child an incomparable education that will help them go far.

For the 2021-22 school year, we will be back and stronger than ever with in-person learning five days a week and established safety protocols. Your child will experience our neighborhood school's:

- Project- and inquiry-based STEM (Science, Technology, Engineering, Mathematics) curriculum. Students receive hands-on experience with 3D printers, robotics, drones and virtual reality — equipping them for the jobs of tomorrow.
- Dedicated teachers, committed to helping students realize their full academic potential across all fundamental courses: English language arts, math, science and social studies.
- Well-rounded education with art, physical education and music classes.
- School-based social and emotional support provided during the day. In addition, the Crossroads Health Clinic provides onsite services to our families and the Mount Auburn community.
- Variety of special programs and after-school enrichment opportunities, including swimming, sports, yoga and more.

Enroll your child today!
